Northeast Arts District Presents: Art 365

What is ART365?

ART365 opens a different artist studio, gallery or cultural venue daily from noon to 5 p.m. every day of the year.

Why participate in ART365?

- Opportunity for more one-on-one contact with potential clients, gallerists, and cultural enthusiasts (compared to big events).

- Promotes YOU alone, exposure even to those who don't visit.
- Allows artist colleagues to drop in.
- ART365 reinforces that the Northeast Minneapolis Arts District exists and consists of artists at work.

How it will be promoted:

The venue of the day will be promoted through the Arts District's website and social media channels, plus Meet Minneapolis and the Northeaster newspaper.

Participants are expected to promote their day the same way you would promote a show opening.

For more information:

northeastminneapolisartsdistrict.org

The Bottineau Park Gear store is now open!

These items are seasonal and may not be duplicated again so here is your chance to purchase!

The store is open now and until November 8th!

Be a part of the new STEAM Team at East Side Neighborhood Services!

East Side Neighborhood Services is excited to announce a new collaboration between East Side's Northeast Child Development Center and its Vital Living program. STEAM Team members are part of an intergenerational project in which volunteers from the Vital Living program will spend time with the preschoolers and engage with them in science, technology, engineering, arts and math (STEAM) activities.

What does STEAM look like to preschoolers? It is the joy of learning – observing nature, singing songs about numbers, asking questions, building with blocks or telling a funny story. Volunteers come in as their schedule allows for 30-45 minutes to our bright and newly remodeled learning center to share art, music, storytelling or science activities and experiences. With classroom staff supervising, the students supply a lot of enthusiasm and questions that re-enforce the development of the skills essential to STEAM learning.

If you or someone you know would like to join the STEAM Team, please contact Jennifer Grilliot, Intergenerational Engagement Manager, jgrilliot@esns.org or 612-787-4104.

"When younger and older connect, the intergenerational relationships built are a route to success early in life and a key to happiness and well-being in our later years." Excerpt from Marc Freedman's book *How to Live Forever: The Enduring Power of Connecting the Generations*.
