UNIVERSITY OF MINNESOTA DIVISION OF ENVIRONMENTAL  
HEALTH SCIENCES PRESENTS:

## CANCER AND ASTHMA PREVALENCE STUDY

ESTUDIO DE PREVALENCIA DE CÁNCER Y ASMA

Randomly selected residents will receive a survey in the mail to measure the prevalence of cancer and asthma in the Lowry Bridge area.

---

You may complete and return the survey in one of three ways:

1. In person with a researcher at your door
2. By mail
3. Online, using the address on the survey

### WE NEED YOUR HELP!

#### CANCER AND ASTHMA PREVALENCE STUDY

Randomly selected residents received a survey in the mail to measure the prevalence of cancer and asthma in the Lowry Bridge area.

Responses have already been coming in, but to get to the number we need to have in order to have a statistically significant data set, **we need more households that received surveys to fill them out.**

As such, **we need your help** to follow-up with recipients by doorknocking.

#### WILL YOU JOIN US?

Please email [eqlmppls@gmail.com](mailto:eqlmppls@gmail.com) or call (612) 460-0795 to volunteer!

## **Neighborhoods 2020 Update**

This September, the City of Minneapolis contracted with the University of Minnesota's Center for Urban and Regional Affairs (CURA) for the final phase of Neighborhoods 2020.

On Nov. 18, CURA convened an initial dialogue with BIPOC (Black, Indigenous and People of Color) residents and neighborhood organization members on the importance of neighborhood work, its funding and other topics impacting Neighborhoods 2020. CURA followed this dialogue on Nov. 21 with the first of a series of neighborhood stakeholder meetings. About 60 people participated in this robust discussion.

The next two meetings scheduled for neighborhood stakeholders are:

**Dec. 12, from 6-8 p.m. Visioning, commitments and accountability.**

**Jan. 9, from 6-8 p.m. Report back: Wrestling and creating a model for future resolution.**

The meeting locations will be announced by CURA soon.

The materials created from this process are expected to be released for a 45-day public comment in January or February of 2020. Then, these materials would go before the City Council's Public Health, Environment, Civil Rights and Engagement Committee in late March and would go before the full City Council in early April.

To view the Neighborhoods 2020 Framework and the City Council directive that led to the current contract with CURA, please visit [Minneapolismn.gov/neighborhoods2020](http://Minneapolismn.gov/neighborhoods2020).

## Northern Metals Consent Decree Advisory Committee Vacancies

The Northern Metals Consent Decree Advisory Committee is being established to provide recommendations on how the funds from the Northern Metals Consent Decree will be spent in Minneapolis. The City of Minneapolis is asking for community input on how to identify residents with asthma or a potential for lead poisoning and how to utilize \$200,000 a year for three years within the impacted neighborhoods of Sheridan, Bottineau, McKinley and Hawthorn with the four items allowed in the consent decree.

There are currently seven vacancies. Applications can be found at [www.minneapolismn.gov/boards/openings](http://www.minneapolismn.gov/boards/openings).

Applications will be accepted until December 31, 2019.
