Keep Your Sidewalks Clear of Ice & Snow This Winter

City sidewalks need to be accessible to everyone year-round. Many in our community rely on sidewalks to get to work, school, errands, appointments and more. Sidewalks that aren't cleared of snow and ice are difficult and sometimes dangerous to use. They're especially challenging for people with limited mobility. Property owners are required to clear sidewalks of snow and ice.

- **Single-family homes and duplexes** – You must clear sidewalks within **24 hours** after it stops snowing.
- **All other properties** – You must clear sidewalks within **4 daytime hours (8 a.m. to 5 p.m.)** after it stops snowing

The City inspects sidewalks to make sure property owners clear them. They start inspecting sidewalks 24 hours after each snowfall. They may also learn about an uncleared sidewalk if someone makes a complaint.

- Shovel the entire width of the city sidewalk on your entire property down to bare pavement.
- If the snow is packed down or there's ice you cannot remove, sprinkle sand until it's warm enough to remove the buildup.
- If you live on a corner, clear curb cutouts at the street corners and crosswalks to the street gutter.
- You do not have to clear snow piles left by plows beyond the gutter, but you can if able to do it safely. City crews will do this as soon as possible.
- Shovel around your garbage carts and recycling bins. If you do not, the City may do it for you and charge a fee.
- Shovel snow into your yard or boulevard. It's against the law to shovel snow into streets or alleys.
- Arrange for someone else to shovel if you'll be away.
- You're responsible for the sidewalk throughout the winter, not just when it snows.
